www.ssgservices.com/physicians

Our staff includes certified IT and medical office specialists to provide you with comprehensive IT support, EMR/PM implementation, hands-on training and assistance

TEST DRIVE/LEARN EMR/PM in our actual physician practice environment!

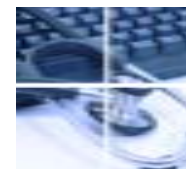

You wouldn't buy a new car without taking it out for a spin. Why would you invest in the future of your practice without first kicking the virtual tires?

SSG maintains a complete mock physician office with fully operational EMR/PM solutions, hardware, optional components and equipment to allow you the opportunity to touch and feel the new technology.

Certified product specialists are available 6 days a week to guide you through an introduction to the workflow and technical possibilities for your practice or clinic.

This unique space is also available for staff trainings in a true office workflow environment!

Call to schedule an appointment to visit our office today! **(800) 671-1028** (appointment required)

ABOUT US:

SSG focuses on clients from a comprehensive and holistic IT perspective. Carefully evaluating practice workflow, legacy hardware and software, current trends and future expectations.

We then provide an IT presence to bridge the gap between vendors and medical personnel. Establishing ongoing maintenance and support once new systems are successfully in place and operating at peak efficiency.

Our strength is in our communication and strong client relationships.
